

Quick Tip

How to create virtual samples using Technologo

Create Free Virtual Samples in Sourcing City

You can also add Virtual Samples to your own website

Visit the Sourcing City Home Page to find out how

YOUR BRANDING LABORATORY

Technologo is a free virtual sample service within Sourcing City. Not only does it provide a simple way to 'mock up' product images with your customers logos, but it also save money on buying samples & expensive delivery costs.

Creating a virtual sample could not be easier.

You can select any image in Sourcing City to add your customers logo. Here is how you do it:

DOUBLE FLIP DESK CALCULATOR and WORLD TIME ALARM CLOCK in Satin Silver Finish. Auto Slide Opening Mec...more

Price Range: £1.00 to £2.00
Ref: SC00045698 Sup.No: 7546

Supplier Info... Similar Items Sources V1
Get Supplier Supplier Web

Choose the product you wish to add a logo to & hit the 'V' Button.

If you cannot see the 'V' Button, this means you are not logged into Sourcing City

You will then be taken to the Technologo website.

DISTRIBUTORS:
Use vCAT to create virtual catalogues for your customers, with all the products carrying your customers logos.

SUPPLIERS:
Build vCAT page turning catalogues for your distributors to use for their customers & on their own website.

Remove Logo

To remove a logo from your product, outline it on the picture to the left.

Click continue to proceed with decoration.

If your image has a logo on, it can be removed at this stage.

The system may ask you to 'login' if you hit a wrong button, there is no need to do this as you are using the system through Sourcing City. Simply, go back & continue creating your visual.

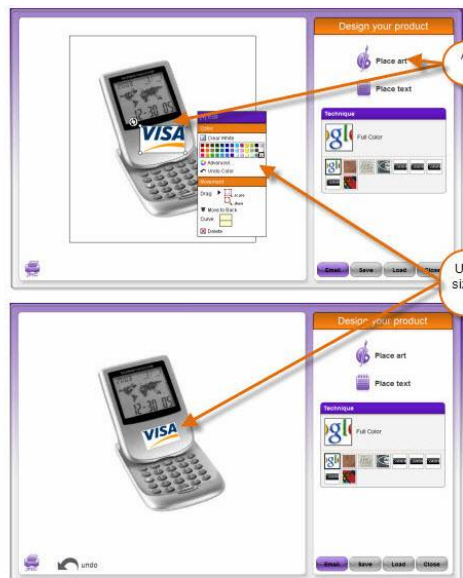

To upload your artwork Hit this button

You can then select:

A: Create your own portfolio, so you can use the logo's you store in the future.

or

B. Upload a logo for one off use

Design your product

Place art Place text

Technique Full Color

Add your logo to the product

Use tool to position & size logo as you would like it.

You can also change the logo colours here if you wish.

Design your product

Place art Place text

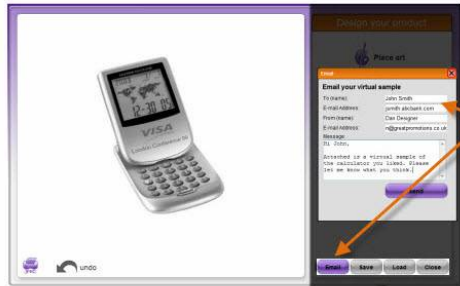

Technique Laser (Dark Green)

Select the type of branding you

(eg. Full colour, etched on glass, embroidery, laser engraved, embossed etc.)

You can also add any text you require

Once you are happy with your virtual sample, simply e-mail the image to your customer - & then follow up to get the order!
